The Hippy Homemaker

My family's conscious journey to a healthier and hipper lifestyle

After years of nerve pains from spinal cord surgeries, infertility problems, narcolepsy, and constant back-to-back illnesses, I had had enough. I had tried just about everything (or so I thought) but nothing was truly changing for the better; that is, until I changed the way that we lived. After removing all of the toxic chemicals from my family's life, I started noticing a change for the better in our health. The further down this "hippy" path that we went, the healthier my family became; and this is what prompted me to start writing:

The Hippy Homemaker

ABOUT

The Hippy Homemaker is a green living blog filled with natural DIY recipes for the earth conscious "hippy" loving reader. My readers care about living a more natural healthy lifestyle without all of the toxic chemicals in it.

I write about vegan/vegetarian recipes, green cleaning, homemade beauty products, and natural health alternatives. I am passionate about creating the best community for my readers to find the information that they are looking for to make the choices in their lives easier, greener, and much healthier!

I am a member of *The Green Mom's Network* and a green/natural living contributor on *Hybridrastamama.com*.
