

The Hippy Homemaker

Living Life in Peace, Love & Hippieness

After years of nerve pains from spinal cord surgeries, infertility problems, narcolepsy, and constant back-to-back illnesses, I had had enough. I had tried just about everything (or so I thought) but nothing was truly changing for the better; that is, until I changed the way that we lived. After removing all of the toxic chemicals from my family's life, I started noticing a change for the better in our health. The further down this "hippy" path that we went, the healthier my family became; and this is what prompted me to start writing:

ABOUT THE HIPPIY HOMEMAKER

Winner of the Circle of Mom's Top 25 Eco-Friendly mom blogs for 2013 and Startup Nation's 2014 Leading Moms in Business, The Hippy Homemaker is a green living blog filled with natural DIY recipes for the earth conscious "hippy" loving reader. My readers care about living a more natural and healthy lifestyle, without all of the toxic chemicals.

I write about:

**Green Living * Natural Beauty * Holistic Health * Aromatherapy * Herbalism
& Outdoor Adventures**
